President's Report

As your President it gives me a great deal of pleasure to present my 10th annual report.

Once again I must acknowledge our patron, His Excellency Rear Admiral Kevin Scarce for his ongoing support of athletics in South Australia. He still maintains his own fitness by exercising regularly.

I would like to acknowledge some outstanding performances of South Australian athletes who competing both nationally and internationally over the 09/10 period.

OPEN

Clay Watkins, 400m, 45.95s, First Olympic 'B' Qualifier, 2nd place Australia Cup
Richard Everest, 3000mS/C, 8:38.29s, Richard also placed 2nd in the 2010 Australian Championships
Jess Trengove, Half Marathon, 1:12.48s, Australian Championship Bronze medalist
Mark Ormrod, 200m, 21.00s, 6th Australian Champs'
Tara Palm, 5000m, 15:52.4, Australian Championship bronze medal
Lauren Foote, Heptathlon, 5809points, Australian Champion, Olympic 'B' Qualifier
James Boden, 800m, 1:48.92s, Adelaide Invitational
Dale Engler, Marathon, 2:24:42s, 2009 Australian Marathon Champion
Tim MacDermot, Pole Vault, 5.05m, Australian Championship bronze medal
Darren Bown, 20km Walk, 1:32.01s, Australian Championship Bronze medalist
Darren Billett, Hammer Throw, 66.72m,
Chris Hartley, 10km road, 30:18s, 2nd place to Mark Tucker

AWD Athletes

Gabriel Cole, 100m, 11.58s, Australian AWD Championship bronze medalist
Michael Roeger, 800m, 1:57.80s, Australian AWD Champion 1st
Sean Roberts, Long Jump, 4.79m, Australian AWD Championships Silver medalist

Juniors

Blake Steele, 5000mW, 21:49.66s, Australian Junior Champion, new State Record
Jack Harvey, 400mH, 53.31s, Australian Junior Championships Silver medalist
Tim McGuire, Triple Jump, 15.02m, Australian Junior Champion
Margaret Gayen, 100mH, Long Jump, Triple Jump, , Gold 100mH, Gold LJ, Silver Triple Jump at the Junior Championships
Tessa Potezny, 3000m, 9:59.91s, Australian Junior Champion
Luke Hargreaves, 2000mS/C, 6:04.20s, Australian Junior Champion
Eleanor Wardleworth, 2000mS/C, 6:53.83s, Australian Junior Champion, new State Record
Leila Johnson, 2000mS/C, 6:54.15s, Australian Junior Champion
Demi Wood, 3000m, 9:34.86s, Zatopek
James Lanthois, 400m, 51.59s, Australian Junior Champion

We also had our fair share of qualified officials who travelled interstate and overseas, mostly at their own expense to officiate at various athletic competitions.

Our new administration team has continued to grow in stature, and is working energetically to enhance our sport in all areas. Adam Bishop is now full time, which has benefited him and ASA. Adam is very passionate about athletics, his sport network base is increasing all the time, and he is constantly looking to try and improve on the way our sport is delivered. Adam continues to work in implementing strategies outlined in our recently updated strategic plan.

Melinda continues to improve our administration procedures, taking on more responsibility for our finances, and further refining our office systems.

Toby has decided to do some additional tertiary study and is now working half time, while still effectively managing our very important development portfolio.

Rita Golding and her staff of wonderful volunteers, continues to operate our canteen with professionalism and cheer. The canteen provides ongoing financial support for athletics in South Australia.

I must again thank our very competent and hard working Board. All of our Board members are directly involved in our sport.

- Joe Stevens for his enthusiastic work as Vice President, a dedicated official all year round, and Race Director of the City Bay Fun Run.
- Peter Mayer is our Board elected member, who brings considerable business acumen and passion for his role
- Graham Billett, Enfield Harriers stalwart, official and our excellent Financial Director.
- Arthur Mangos, ASA official and chair of Clubs Council
- Kym Miller, another Enfield Harriers stalwart, coach, competitor
- Replacing Emily Miller as athletes representative is Darren Bown; an international race walker and a passionate member of Elizabeth Athletics Club.

I would like to sincerely thank Emily for time on the board, especially with her legal and HR skills.

Probably the three most challenging volunteer jobs in athletics are being part of the Summer Commission, Out of stadium Commission and the Officials Commission. To last year's members, thank you once again for your passion and commitment to our sport. I mentioned last year that we had quite a few younger volunteers working in these critical areas, and I am happy to see that trend continuing into a new season. The roles of the three commissions cannot be understated as they largely determine the success of our winter and summer competition.

Our sponsors need special thanks for their invaluable

ongoing support. Adelaide Airport continues its generous support, Villi's continues its support for our canteen, along with our long term supporters Powerade, Adam Internet, Streets, Hyundai and Sunday Mail City Bay Fun Run are all wonderful supporters of our sport.

Our relationship with our major sponsor The Office for Recreation and Sport (ORS) continues to grow. As mentioned last year, it is this relationship which helped us receive in excess of \$1.7 million for an upgrade of inside the track fence and a new M99 running surface. This will be stage 1 of an upgrade of the whole facility. We continue to work closely with ORS to see all aspects of this long term upgrade progress into reality in the near future. I also thank Rob McFadden for his affable and friendly management of the stadium.

A huge thank you must go to all of our volunteers (and there are many) who are involved with the Sunday Mail City Bay Fun Run. Last year saw 30,989 participants including the Premier Mike Rann and the Minister for Sport and Racing Michael Wright. ASA members are the main drivers of this now iconic event, along with the City Bay Fun Run Trust whose trustees are all ASA stalwarts. I would also like to thank all the ASA clubs who also supply a large volunteer force to help this event enjoy the status as one of Australia's great fun runs. We as a sport benefit from this substantial involvement.

This financial year marks the end of our long relationship with Clark and Brownrigg as our auditor. We thank them for their years of delivering our audited accounts. This year we have engaged the services of Rod Shearing who has an extensive experience in working with sporting bodies such as ours.

At last years Presidents and CEO's conference with Athletics Australia, we had our first meeting with the Executive team of Australian Little Athletics. It highlighted the enormous goodwill on both sides to forge a positive commitment for both bodies to work together and open up a clear pathway transition from Little Athletics to open athletics competition. It was great to be a part of this significant meeting.

In conclusion, I totally concur with Adam Bishop's comments that athletics in Australia is moving in a unified direction with a view to re-energize our sport across the board.

I wish all our competing athletes, paid staff and energetic and loyal volunteers all the best for a challenging 10/11 season.

Tony Keynes
President Athletics SA

Executive Director's Report

It has been a good year for Athletics South Australia (ASA) with progress being made in a number of key areas. The Board and Management Team continue to seek ways to improve the administration and delivery of athletics in South Australia. The development of a new strategic plan was an important step forward. ASA's engagement of key stakeholders in the development of the new strategic plan was important. The end result is a plan that represents the thoughts and vision of the sport's chief partners. ASA now has a clear direction with which it can move forward to confront the many challenges and threats athletics faces in South Australia.

Financially, ASA is in a strong position, posting another healthy surplus of \$22,327 during the 2009-10 financial year. Graham Billett as the Finance Director, and Melinda Andrews as the Administration Officer have once again done a fantastic job in this area. Graham's diligence in overseeing the finances have led to a strong accumulation of member funds. The Board and Management Team will be looking to utilise some of the accumulated funds to responsibly invest in a number of exciting projects during the next twelve months. The Santos Stadium canteen continues to be an important asset to ASA.

During season 2009-10, ASA changed its venue hire arrangements and as a result, its membership fee structure. This resulted in an increase in the annual membership fee, but removed weekly stadium gate fees. Whilst feedback indicated that this was well received by the membership base, registrations were down slightly for the period. It is hard to know whether this was a result of an inability or reluctance to pay a lump sum or whether this was a result of the summer and winter competition structure or even the lingering impact of the Global Financial Crisis.

Summer and winter competition structures remained fairly similar to those of the previous season. The Track and Field Commission made some changes to the timetabling in response to feedback from the membership survey. This included condensing the program and resulted in events not being available every week. Overall attendance figures at weekly competition were slightly down on those of previous seasons, which was also a reflection of reduced membership numbers. It is clear that a thorough review and revamp of the track and field season will be needed in the near future for ASA competition to remain relevant.

The Adelaide Invitational Series again proved to be popular with an increase in sponsorship and attendance. The organising committee took the event to a new level by funding a limited number of athletes from interstate to attend. This significantly increased local media interest in the series and provided a welcome boost to competition for our members. SA athletics desperately craves the return of an elite level national meet to assist its development and high performance structures and boost interest in athletics in the state. The redeveloped Santos Stadium facility will allow ASA to work with Athletics Australia to secure these types of events.

The winter cross country, road, and walks program remained fairly similar, however, Athletics SA introduced two new funs runs into the winter season, which proved popular. Fitzy's 5 received a vast amount of exposure and was well supported. It is hoped that this event will not only become an annual tribute to the memory of the legendary David Fitzsimons and raise funds for cancer research, but also increase ASA's financial capacity and brand exposure as it grows.

2009-10 also saw a change in the staff structure at ASA. The Board decided to make the position of Executive Director full time (up from 0.6) and the Development Officer position was reduced from a full time role to 20 hours a week. Unfortunately ASA is not in a position at present to employ both staff on a full time basis. Having a full time Executive Director will be important in order to work towards achieving this and meeting a current shortfall in paid staffing resources. ASA must continue to seek additional income to employ more paid staff and counter an overreliance on volunteer labour. The Board and Management Team are working hard to achieve this.

Despite the recent decrease in hours afforded to development, the ASA development program is achieving good results thanks to the continuing efforts of Toby Medlin. At the new National Junior Championships in March, the SA team was the best performed of all states and territories per capita for medals won. The team brought home 41 medals with a team of only 77 athletes, which is a credit to all involved. Strong leadership, new team policies, a young management team, and a renewed sense of pride and optimism made a significant contribution to these results.

The introduction of a new Athletics SA state uniform turned heads at the junior championships and reignited a sense of team pride. This significant investment also created a new revenue stream for ASA.

2009-10 also saw some positive steps forward for the unification of SA athletics with strong progress made towards the implementation of a dual registration policy with SA Little Athletics and a move towards a partnership with the SA Branch of the ATFCA to collaboratively deliver coach education in South Australia. ASA is committed to continuing to pursue the development of partnerships with other athletics organisations in South Australia.

Another key project that commenced in 2009-10 was the move towards the development of a new constitution that more adequately reflects the current operations of ASA. It is anticipated that the new constitution will be implemented early in 2011.

I must thank the continuing efforts of the Athletics SA Board. Tony Keynes (President), Peter Mayer, Joe Stevens

(Vice President), Kym Miller, Darren Bown, Arthur Mangos and Graham Billett (Finance Director) collectively provide a balanced view for the effective management of the organisation. Thanks also to my staff (Toby, Melinda, and Rita) for your continuing hard work and to all of the volunteers and officials that enable our sport to function effectively. A special thank you too to Rosemary Billett for her efforts over the past eleven years working in the office in a number of capacities.

The next twelve months promise to be very challenging for ASA. The Santos Stadium track redevelopment is scheduled to commence in September and be completed by the end of February 2011. Despite appeals from ASA, it is highly probable that a portion of the membership base will see no benefit in registering during 2010-11, resulting in a loss of revenue. Present budget estimates suggest that this, coupled with the loss of revenue through the Santos Stadium canteen, will leave a budget shortfall upwards of \$25000 based on the 2009-10 result. In essence, the upgrade could potentially result in a loss of revenue of as much as \$50000, highlighting the need for ASA to lobby state and local government to develop another synthetic track and field facility in Adelaide. Efforts are already being made in this area.

On a more positive note, it's an exciting time to be involved in the administration of athletics in Australia. There are some positive moves right around the country to address many key issues and challenges that confront the sport. This is accompanied by a sense of optimism and a willingness to collectively move the sport forward. Despite the obvious challenges, ASA has some big plans over the next 12 months and we look forward to the continuing support of our members as we seek to improve athletics in South Australia.

Adam Bishop
Executive Director, Athletics SA.

Track and Field Competition Commission Report

Well we faced another challenging year. I would like to thank all the Track and Field Summer Commission for all their hard work and time put into the organisation and running of the summer season, along with all the other people who work in the back ground to ensure things run during the year and on every day of competition, but are often forgotten. It takes a lot of time and effort, not just on the day but leading up to and after to ensure the smooth running and timely results.

Together with ASA the information gathered from the survey put out was utilised in making changes to the existing programs and calendar. Of course you can never please everyone, but great time and effort was put into achieving the best out come for all based on the responses received. We would like to thank everyone for their feedback and encourage the ongoing communication to improve our sport for all.

With National championships late in the season it made for a long season and challenges in scheduling due to other existing bookings with the stadium.

The introduction of "Bonus" events was a concept to give athletes the opportunity to compete in their event every week if they required, but having to take some responsibility themselves for the running of the event. As the season went on athletes started to utilise the opportunity more and it worked well. We have had feedback on the running of these bonus events and improvements will be made for coming seasons.

Most importantly I would like to thank all the officials and helpers who volunteer their time to ensure the running of our athletic competitions. Without them no amount of organisation would matter.

The Track and Field Summer Commission look forward to the new challenges ahead for season 2010-2011 with the change of venue for the start of the season, and improving and building our competition for all levels of participation.

Caroline Jackman
Chair, Track and Field Competition Commission

Out of Stadium Commission Report

2010 once again was a difficult year in terms of holding the winter competition due to a lack of interest and hence assistance from volunteers to plan and manage the winter season. The competition commission essentially consisted of myself, Joe Stevens (Out of Stadium Technical Manager), Adam Didyk (AD), and Adam Bishop (AB) as the Executive Officer. Without the assistance of both the Adams there would have been NO winter competition. Ron & Betty O'Neil have once again been an essential part of the winter season and with the help of a few parents and volunteers the winter season would not have been possible. In 2010 we instigate two diverse events, uncharacteristic of ASA, but had great outcome which we hope will stimulate distance running in 2011. The Right Royal Fun Run (RRFR) & Fitzzy's 5. (F5) Fun Run. RRFR was an initiative of Charles Sturt Council and Athletics SA to induce people to participate in a community fun run and also incorporating the State 100 km Road Championships .

Fitzzy's 5 Fun Run was a fun run to recognise one off our former State Champion David Fitzsimmons who passed away tragically with cancer 2 years ago.

The Season started unusually with the Flinders short course, which was well attended, followed by the Barossa half marathon, down on previous years numbers. The Traditional Suhard Shield was well down on numbers as was the whole winter season. The Victoria Park and CBC relays outshined some of the other disappointing attendances and ASA must consider more relays for future years.

The long, intermediate Cross-Country runs were represented by the normal clubs, which are getting low in athlete numbers and more should be done to make the winter competition attractive to participate in. Overall, participation numbers in Athletics SA winter competition was slightly lower during the 2010 season the previous years.

Many of our athletes achieved PBs during the national cross country in Brisbane. Congratulations to placegetters Jess Trengove (1st Open Women), Luke Hargreaves (1st U18), Jacob Cocks (2nd U18) Rhys Jones (3rd U20) and Riley Cocks (3rd U16).

The two new fun runs proved to be the great success story of the winter season, which proved that ASA must diversify into the community events to survive the winter /out of stadium season.

The Right Royal Fun Run around the old West lakes course with FULL road closures was one of the best 10km Championships and fastest that we have seen over the past few years. Greatly attended by both the elite and the average fun runner.

Fitzys 5 Fun run in the Adelaide City Council area, around the parks surrounding the Zoo and McKinnon parade was a very exhilarating event with one of Australia's great Marathon runner's Steve Moneghetti competing and winning the event. The night prior saw a great evening dinner at Glenelg Surf lifesaving club, commemorating the late David's Fitzsimmons achievements with Moneghetti being the main draw card. The night was well attended by the athletic fraternity.

Once again the Adelaide marathon did not have one ASA athlete participate and we might have to look at an interstate event being the state marathon championship, as a few athletes go interstate to compete in a better quality event.

The fundamental existence of the Out of Stadium competition to survive, we would need to get various running groups and SA Master to mutual work together between all our events and administer winter competition programs. This product must suit all areas of our sport from the elite to the everyday jogger. The current segmentation that exists is an area that Athletics SA is eager to address for the benefit of Out of Stadium competition and the running community in South Australia.

Joe Stevens
on behalf of the Out Stadium Commission.

Officials Commission Report

Our officials had another big season in 2009/10. Interclub continued to be challenging with fewer than ideal numbers of officials and other volunteers and the efforts of those who made it work are greatly appreciated. It was good to see the more experienced officials supporting and sharing their knowledge with the newcomers. Let's hope that the next few years see us all busy in supporting new people at events.

ASA was well represented at all national competitions and we again express our support for those officials who continue to support athletics by travelling interstate to

officialiate at national competitions at significant personal expense. In 2009/10 Adelaide hosted the Special Olympics and the Police and Emergency Services Games. Thanks to those officials who took on extra duties to make sure the competition was a success.

Recognition should also be given to those officials who also take on other roles within ASA at all levels from club through to board, and the many committees and commissions without which athletics in SA would struggle to survive.

A number of special achievements for the season:

- Ian Boswell was recognized for his service to athletics with the award of Life Membership of Athletics Australia.
- Zoë Bryson achieved Level 2 IAAF Race Walking and has been selected for the Level 3 course in Paris.
- Caroline Jackman successfully completed the IAAF TOECS II course
- Peter Donovan was again appointed as ATO for the Oceania region.
- Bob Hunter was recognized as Official of the Year for SA

A number of people achieved new official grading during the season.

- Out of Stadium - 1 A Grade
- Jumps - 1 B Grade, 1 C Grade
- Administration - 1 B Grade, 1 C Grade
- Technical - 1 B Grade
- Walks - 1 B Grade, 8 C Grade
- Throws - 1 B Grade,

A number of people have been recognized for significant milestones in service as officials.

10 years - 10 people
20 years - 9 people
30 years - 3 people

Four Officials Training Seminars were held during the season;

Track Seminar: 12th December 09.
Jumps Seminar: 30th January 10.
Throws Seminar: 6th March 10.
Walks Seminar: 2nd May 10.

Finally thank you to all members of the Officials Commission for all of your help and support for each other in making our athletics events successful.

Peter Grant
OLEO (SA)
Chair ASA Officials Commission

Development Officer's Report

2009 Hyundai Emerging Athletes Squad

Hyundai continued to support the Emerging Athletes Squad with 23 junior athletes receiving assistance.

2009 All Schools Hobart

The 2009 UTAS Australian All Schools Championships was a great success with our medal tally of 3 Gold, 9 Silver and 9 Bronze.

Falls Creek Camp

6 athletes went on the 2nd trip to Falls Creek, it is a trip which all distance runners need to experience, it provides invaluable insight into distance running and we expect to see the numbers grow in the coming years.

2010 Juniors Sydney

The South Australian team returned from the National Junior Championships in Sydney with a phenomenal 18 gold medals, and a host of minor medals, personal bests, and state records, indicating that junior athletics in South Australia is in great shape.

The 2010 Athletics SA State Team has set the benchmark for future teams and have set a tough task to follow.

New ASA Uniform

A big thank you to Matt Axford for designing the new Athletics SA state team uniforms to be worn by all state team representatives. SA was by far the best dressed and the envy of all the other states at the All Schools and National Juniors.

Looking forward

2010/2011 will be a year of change:

- Change to all schools
- Change to Santos track
- Change to competition venue

Can't wait for this up coming year!

Finance Director's Report

Overview

Athletics South Australia (ASA) has again achieved an operating profit of \$22,326 for 2009/10 against the original budget estimates of \$13,500.

The overall financial situation of ASA has continued to improve in recent years and a summary of the net operating profits achieved over the last 3 years is as follows:

- 2007/08 \$43,365
- 2008/09 \$23,280
- 2009/10 \$22,326

Apart from the normal interclub and other activities conducted by ASA, 2009/10 also saw the expansion of ASA's involvement in other events such as the Right Royal

Fun Run in conjunction with the City of Charles Sturt and the establishment of Fitzzy's 5 in honour of an ASA legend.

The nature of ASA's operations and limited resources continue to impact on the growth of athletics in South Australia with the need to increase our membership base and the level of services we provide to all levels of athletics continuing to be a major challenge.

2009/10 results

In addition to the activities mentioned above, other highlights include:

- The continued support from our sponsors (eg Office of Recreation and Sport, Adelaide Airport Ltd, Vili's, Adam Internet, City Bay, Powerade, Hyundai and Streets.
- The continued improvement in the operation of the canteen has again resulted in increased profits for ASA notwithstanding the shared funding arrangements we now have with ORS and LA's
- Continued success of regular ASA events such as the Powerade Games and City-v-Country.
- The development of a new and successful state team uniform that was unveiled at the All Schools and National Juniors competitions.

2010/11

The long awaited replacement of the track at SANTOS stadium will have a major impact on ASA's activities hopefully from March 2011.

Unfortunately the move of most of the 2010/11 interclub season to the Enfield Harriers grounds at St Alban's Reserve will impact on ASA's budget due to lower registrations and less canteen activity mainly through the lack of schools at SANTOS.

While trying to maintain "normal" operations as much as possible, the 2010/11 budget does provide for an operating loss.

To coincide with the move back to the new track at SANTOS from March 2011, funds have been committed from ASA's accumulated reserves to fund exciting new developments aimed at growing athletics in SA. These include a major review and upgrade of the ASA website.

While 2010/11 will certainly be a bigger than normal challenge, the positive outcomes expected as a result of the track upgrade and other developments make it an exciting time to be involved and I look forward to continuing to addressing this challenge both in 2010/11 and beyond.

Graham Billett CPA

Athletic Association of South Australia Inc.
Notes to the Financial Statements
for the year ended 30th June 2010

1 Statement of Significant Accounting Policies

This financial report is a special purpose financial report prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Act (SA) 1985. The Board has determined that the association is not a reporting entity.

The financial report has been prepared on an accruals basis and is based on historic costs and does not take into account changing money values, or except where specifically stated, current valuations of non-current assets.

The following significant accounting policies, which are consistent with the previous period, unless otherwise stated, have been adopted in the preparation of this financial report.

(a) Inventories

Inventories are valued at the lower of cost and net realisable value.

(b) Fixed Assets

Fixed assets are carried at cost less accumulated depreciation.

The depreciable amount of all fixed assets are depreciated over the useful lives of the assets to the association commencing from the time the asset is held ready for use.

(c) Employee Benefits

Provision is made in respect of the association's liability for annual leave and long service leave at balance date, calculated at current rates of pay. The Board has determined that provision for long service leave is brought to account for employees who have completed four years of service, although the statutory liability for the association does not commence until employees have completed seven years of service.

Contributions to superannuation funds, at the rate specified for the superannuation guarantee levy, are charged as an expense when incurred.

(d) Income Tax

No provision for income tax is necessary, as the association is exempt from income tax under section 50-45 of the Income Tax Assessment Act 1997.

(e) Impairment of Assets

At each reporting date, the Association reviews the carrying values of its tangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the income and expenditure statement.

(f) Cash

Cash includes cash on hand and at bank.

(g) Revenue and Other Income

Revenue is measured at the fair value of the consideration received or receivable.

Canteen revenue, entry fees and registration fees are recognised when the entity obtains control over the funds which is generally at the time of receipt.

Sponsorship income is recognised when agreement to receive the sponsorship has been established.

All revenue is stated net of the amount of goods and services tax (GST).

(h) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the balance sheet are shown inclusive of GST.

Athletic Association of South Australia Inc.
Statement by the Board

The Board has determined that the association is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

In the opinion of the Board of the Athletic Association of South Australia Inc.:

- 1 (a) The accompanying financial report as set out on pages 1 to 8 presents fairly the financial position of the Athletic Association of South Australia Inc. as at 30th June 2010 and its performance for the year ended on that date.
- (b) At the date of this statement, there are reasonable grounds to believe that the Athletic Association of South Australia Inc. will be able to pay its debts as and when they fall due.
- 2 (a) The association is not a subsidiary nor is there a subsidiary of the association; and
- (b) The association is not a trustee of a trust.
- 3 (a) Since the end of the previous financial year:

no officer of the association, or
a firm of which the officer is a member, or
a body corporate in which the officer has a substantial financial interest

has received or become entitled to receive a benefit as a result of a contract between the officer, firm or body corporate and the association; and
- (b) Since the end of the previous financial year, no officer of the association has received directly or indirectly from the association any payment or other benefit (other than a salary included in the aggregate amount of remuneration received or due and receivable by officers) of a pecuniary value.

Signed in accordance with a resolution of the Board of the Athletic Association of South Australia Inc.

Signed for and on behalf of the Board:

A. Keynes
President

G. Billett
Finance Director

Dated this day of 2010

Athletic Association of South Australia Inc.

Independent Auditor's Report

To the members of the Athletic Association of South Australia Inc.

In my opinion the financial report of the Athletic Association of South Australia Inc. represents a true and fair view in all material respects the financial position of the Association as at 30th June 2010 and its financial performance for the year then ended in accordance with the accounting policies described in the notes to the financial statements and the Associations Incorporation Act (S.A.) 1985
